## RULES AND INFORMATION

### 1. BASIS OF JUDGING

Performances will be judged solely on theatrical and artistic qualities from an entertainment standpoint. Judging panels will be comprised of non-skating/celebrity judges and U.S. Figure Skating judges. Technical skating skills and difficulty are not marked. However, skating must be the major element of the performance and of sufficient competence to support the theatrical components chosen. The 6.0 system of judging will be used for all events. There will be deductions of 0.1 to 0.2 for falls which are not part of and interrupt the composition of the program.

### 2. QUALIFICATIONS

All participants must be current members of U.S. Figure Skating to participate in any U.S. Figure Skating sanctioned event. We can offer those skaters who have never been a member of U.S. Figure Skating a special "Showcase Introductory Membership" for a special one-time only membership fee of \$98.00. This will allow you to participate in this event, and will provide you with membership with U.S. Figure Skating through the end of the current skating year (through June 30, 2014). Then at renewal time, we will also renew your U.S. Figure Skating membership for the 2014-2015 season (which begins July 1, 2014 and extends through June 30, 2015.) Accordingly, with this special membership you will not only be able to compete in this year's Showcase competition, but you will also be able to participate in U.S. Figure Skating sanctioned events, including next year's Showcase competition. This membership will expire June 30, 2015. If you wish to renew your membership at that time, you will need to renew at the regular renewal rate. **If you are interested in this Introductory Membership please contact the Membership Chair, Michael Cruz, at [cruzmr@aol.com](mailto:cruzmr@aol.com) for further details and processing of your membership as soon as possible. Membership processing, including electronic confirmation of payment of required fees through PayPal must be received prior to the close of entries on May 16, 2014.**

### 3. COSTUMES

Costumes should fit the performance. Excessive elaboration is unnecessary. They receive no mark. However, they may improve or diminish the effect of, hence the mark for, a performance.

### 4. PROPS/SCENERY

Props and/or scenery are optional. If used they must be placed and removed by the competitor(s) in a total time of one minute for singles and duet events, or two minutes by a group. Excess time may result in a deduction in the mark given for the program. Don't use them unless they are integrated into your performance.

### 5. CATEGORIES OF PERFORMANCE

- a. **Dramatic:** A serious emotional, artistic interpretation.
- b. **Comedy:** Very broad humor, clowning, pratfalls and laughter.
- c. **Light Entertainment:** Any performance not serious enough to be heavily dramatic or broadly funny enough to cause general loud laughter.
- d. **Character:** The skater must be recognizable in appearance and performance style as a character from cartoons, movies, TV, etc. without explanation via announcer's introduction.
- e. **Extemporaneous/Interpretive:** Any type of choreography/costume may be chosen by the competitor. The choreography will be created (without assistance) by the competitor during a private warm-up off ice 45 minutes prior to competing and during a three minute full-ice warm-up. The same music will be used for each competitor in a group; no information concerning music chosen will be released until the first warm-up.
